

The series follows a male high school student named Asahi Kuromine. Now, Asahi is terrible at keeping secrets. When he learns that his crush, Youko Shiragami, is a half-vampire, he promises to keep the fact that he discovered her secret a secret.

Characters

Apart from Youko and Asahi, other characters include Akane Koumoto, (a demon and principal of the school), Akari Koumoto, (Akane's great-great granddaughter and Asahi's homeroom teacher), Nagisa Aizawa, (the class representative), Genjirou and Touko Shiragami, (Youko's parents) and Akemi Mikan (Asahi's childhood friend).

Why do I like this series?

The reasons I highly recommend this manga are mainly because-the character interactions are genuine, the comedy and running gags are amazing, and the character development is amazing.
