Chapter one

A group of 5 girls in their 20s are having fun in an upstairs bedroom. "We need food" one of the girls said." "Yes we do, I wonder if there is some chocolate we can have" another girl replied.

The five girls get up and start walking downstairs. A woman was in the kitchen cutting up some fruit, putting them into a bowl. "Do you guys want to have some chocolate cake" the woman asked. "Yes please" the girls quickly answered, so the woman takes out the chocolate cake opening the box then cutting the cake with six slices. The girls take the cake up to the bedroom to start eating the cake. They started to talk about the big trip coming up. One of the girls stood up and said "I need to pee." She walks into the bathroom to pee. She then puts on more lip-stick then comes back out. "Do you guys want to play killer killer come and get me" the girl asked. "Let me guess is it one of those games were we stand in front of a mirror or something like that, we do the ritual and the people regret it afterwards but it is too late because we had agreed to it - no thanks" the girl responded. Another girl asked Jackie "do you really believe rituals are actually real?"

"Alright, I guess it can't really happen" replied Jackie. The girl who suggested it went to the door. "Where are you going Jackie?" asked Janet. "I'm getting what we need.

Taylor, tell the others something and distract your mum". The girls go down to the kitchen together and the two girls go their separate ways. Janet grabbed the sharpest knife and went to get some paper from the study for each of the girls and then went back up to the bedroom. Janet put the paper on the ground then the knife flat on the paper. "Wait I forgot the matches" Janet said in frustration. Then Janet went back down to get them. Janet rushed back with the matches and placed them centred on top of the paper. "What happens now asked Nora?" "I'm getting to that, Nora" answered frustrated Janet. Then Taylor gets a pen from the bedside table "I'm guessing we'll need this?" spoke Taylor. Then she hands out a sheet of paper to each of the girls including herself.

"Now everyone write down your name, and it's got to be your first and last name on your paper" said Janet. The girls take it in turns being handed the pen and they all correctly write down on the paper. "Now use the knife to make a small cut on your finger, we need a drop of our own blood on our sheets of paper" said Janet. The girls all take turns cutting themselves and let the blood drip on to the page. "Now lets all go into the bathroom" Janet whispers as she grabs the candle. She goes back to get the matches, lights the candle and the girls look up at the mirror. "Sally, get the lights" she turns off the lights in the bathroom. "Now repeat after me 'killer killer, kill me now, killer killer, come get me'".

“Killer Killer, kill me now, killer killer come and get me”
The girls then set fire to their paper, one after another. All five girls look into the mirror. the lit candle shines brightly, then in 30 seconds it was gone. The girls notice a girl in the mirror. Her hands reach out. She is seen coming closer. It looks like she is walking down the hall toward the girls and the lights flash on and off. She disappears and seconds later she’s back in front of the mirror. She shakes her head like she has done it a thousand times. Her eyes bleed black blood, with the blood dripping down the mirror until the whole mirror is covered with blood. They look behind them. She wasn’t really there. Then in the mirror, flaming red eyes are showing, and looking at them was the Devil. Janet turns the light back on. Then Janet blows out the candle. “It’s all over, we’ve done it, that’s the end of the ritual” she said calmly. “That was scary” said Jackie. “Well nothing has happened so far” Nora spoke. All of a sudden there’s a blackout and they head downstairs. Then mum gets the power working again.

Chapter two

The following week Sally was watching a movie at home, she was home completely alone. She was half-way through a movie when the phone started ringing. She paused the movie then went upstairs to grab the phone. All she can hear is breathing. She tried 3 times to say hello, she was quite scared and confused at the same time, so she hung up the phone. She then found a lot of blood on her window. She looks outside through the window. She glances at the door to make sure it's locked. She takes out her phone and dialled 321 to call the police. "Please come to my house someone is coming to kill me!" shouted Sally.

The person who is trying to kill Sally steps on the glass roof. She looks around outside to see where the killer is. The killer whacks the axe on the glass, and it cracks. The killer jumps on it then the glass smashes all over her. She drops dead. The killer holds on to the roof just in time before the glass shatters. The killer pulls themselves back up safely. They get down from the roof and hides in a bush. The police then arrived and the whole town knew about it. Six days later it was Sally's funeral. Nora, Janet, Taylor and Jackie look down at their dead friend's body. Jackie closed her eyes. Nora kicks Jackie "none of this would have happened if you didn't suggest it" yelled Nora. Jackie turned around and said " you don't know

that, this could have been a coincidence. "DON'T BLAME THIS ON ME WE ALL AGREED TO THIS!"

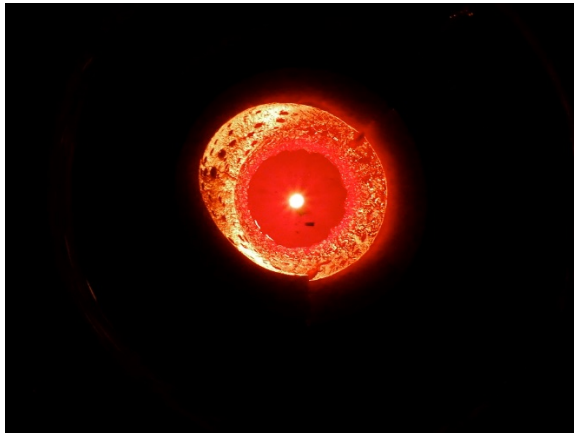

Nora stormed off. Taylor went back with her mum. "Is everything ok?" Jackie went with her parents then Janet went to her car "do you want pizza for dinner" asked the mum. "Yes please" said Taylor. Nora gets in her car and drives off, still really mad at Jackie. She gets back to her house and so did Taylor, and so did Jackie. Then Janet and Taylor had pizza with her mum. That night Nora went on her phone to make up with Jackie "you're still a good close friend of mine but now I'm thinking we should stick together so the killer can't kill all of us" suggested Nora. "That way the killer can't kill us all, but we can kill them for revenge" spoke Nora. Nora calls Janet and Jackie calls Taylor. They all agree to go over to Nora's house. Taylor gets her phone and keys. Taylor's mum comes upstairs.

"Where are you off to?" demanded the mum. "I'm going to a friend's house" replied Taylor. "Ok have fun". Taylor left and went into the car. A person with a mask was seen in the car's back seat through her rear-view mirror. She runs out of her car. The killer gets out of the car slowly and he throws a knife at Taylor. She keeps running. The killer runs after her, grabbing the knife. He puts the knife away, gets out a gun, and she comes to a house. It's Nora's house. Conveniently running for 30 minutes, she knocks hard quickly, and then the killer shoots her.

Meanwhile, Nora hears the knock at the door, she runs downstairs to get the door. Taylor falls on Nora. Then she steps back, and Taylor falls to the ground. Nora notices the killer with a shock on her face. She quickly closed the door and locked it. Nora runs back upstairs and tells the others that the killer is here. Nora's mum calls the police, but the killer leaves before the police came.

Chapter three

Then 6 days go past since they had the funeral for Taylor. The girls now stick together so now they head into Janet's house. The 3 of them go to sit down for some lunch. It's 2pm and they had burgers. They were chatting away when Janet's mum looks at the girls. "I am the killer! I'm going to kill you all!" yelled Janet's mum. She takes out a gun ready and loaded. Her husband comes into the room, and she points the gun at him. The girls try running out the door, but she turns the gun back on the girls "no one is going anywhere" she screamed. "Bill, stay upstairs" but before she could finish what she was saying "no come down now" shouted Janet's mum. Bill comes down and enters the room and says "what the hell?" Bill realises his mum is the killer.

“I wasn’t aware you are home, and I don’t know why I’m doing this. I do know I’m doing this and I’m going to kill you all, starting with my own kids”. The mum points the gun at Bill then Jackie stabs Janet’s mum in the back with a knife. They then start running outside as quickly as possible. A flash of lightning flashed into the sky. Jackie and Janet see these flaming red eyes in the sky. It starts to rain. They stop to look to see if the mum is coming. Jackie and Janet hear the words “I’m the killer” repeating in their heads about four times.

Time went past and in was July 21st. Janet had decided to move out of home one month ago and now it’s moving in day. Jackie agreed to help out with Janet’s dad and Jackie’s mum and dad. They are helping out and they finish late that night. There was a knock on the door and all the lights went out. Jackie’s mum gets a lit candle. A man was outside with a scary mask on. A flash of lightning shows he has the creepiest smile. Jackie and Janet talk out loud. “You’re the killer”. Everyone runs all different directions to hide. Jackie and Janet followed the killer. He smashed the glass then grabbed and unlocked the door and opened it.

The killer walks upstairs “do you want to play hide and seek?” the killer asks as he turns right and starts walking, “I’m coming for the Goss”. He opens the door. Of course they are hiding under the bed. He looks under there first “how predicable” said the killer. He pulls Jackie out first

then Janet and slammed them both against a wall. He hit them so hard and takes his weapon out. Janet pushed him back then he grabbed her and pulled her down. Jackie tries kicking him as hard as he could. She grabs the weapon off him then slams the weapon into his back. The sky went blood red. Jackie notices the girls have a flash back of that same night they started the ritual. Janet asked "what else do you know about the ritual" the ground rips open like an earthquake with fire inside the cracks. The girls step back away as the man falls into the fire. "If we win the killer dies. If we die, we die anyway" Jackie quickly said as they run out of the room on the deck. They jump and land safely. As the young girl comes out of nowhere. Fire falls from the sky as the girl lends them her hand "take my hand" the girl said.

They feel like something is off-putting about this girl. They then realise it was the girl in the mirror. More fire falls down, but Janet looks at Jackie. "What should we do if fire falls" the girls grab on to her hand. A flash of white light goes over them all and transfers them to another place. "I just saved your lives" the girl said. "Now I don't have long, do you want to go back in time and pretend this never happened, or one of the 5 of you would die or serve the devil forever, the choice is yours" the girl said. The girls looked at each other "okay" they both said at the same time "our choice is to be saved" said Jackie.
